ABOUT THE PROGRAM

Engaging Families in Recovery is a ten-week education and support program designed to help people who **are caring for a loved one with mental illness.**

A trained facilitator and other professionals discuss potential difficulties related to having a loved one with a mental illness. Related difficulties include: navigating resources, boundaries, effective communication, and self-care.

The aim of *Engaging Families in Recovery* is to offer assistance and support, as well as, encouragement in a safe and relaxed atmosphere.

This program does not replace counselling or therapy. **Confidentiality and privacy of sharing within the group is strongly promoted.**

Advanced registration required.
